Step 1 — Navigate to Fields

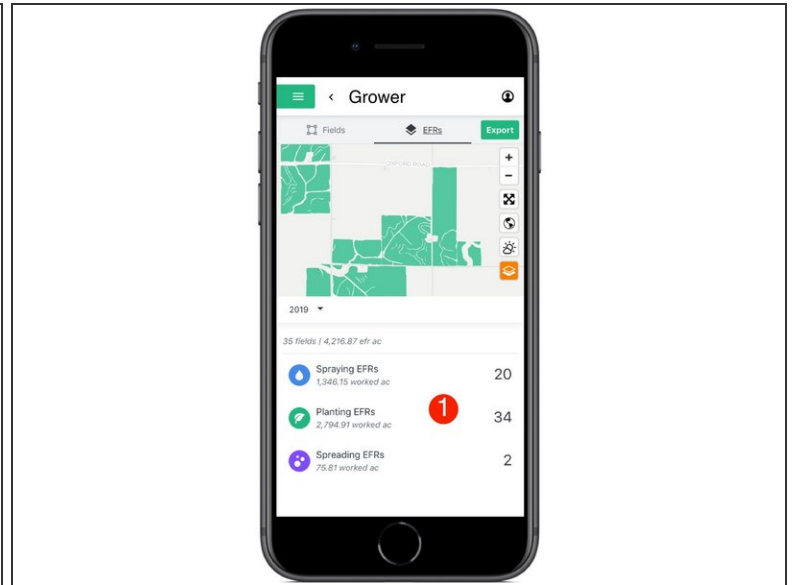

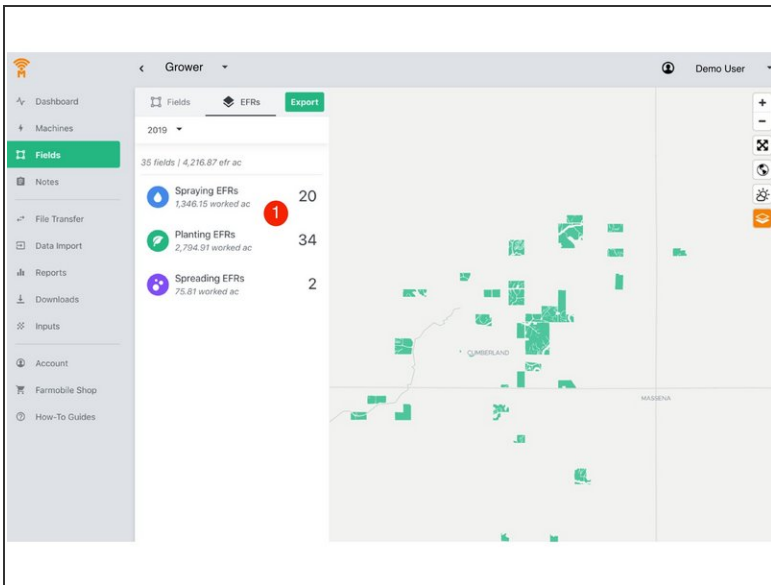

- Select 'Fields' in the Farmobile DataEngineSM platform menu to navigate to your fields.

Step 2 — Select the EFRs Tab

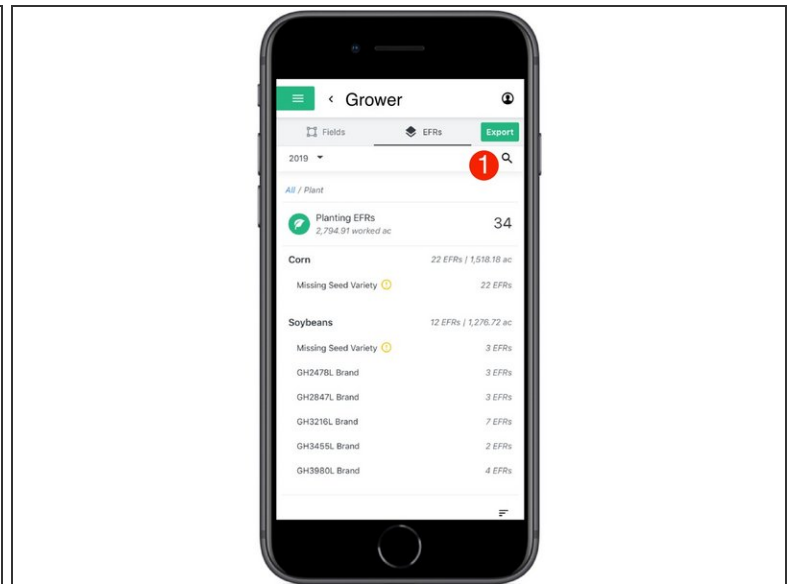

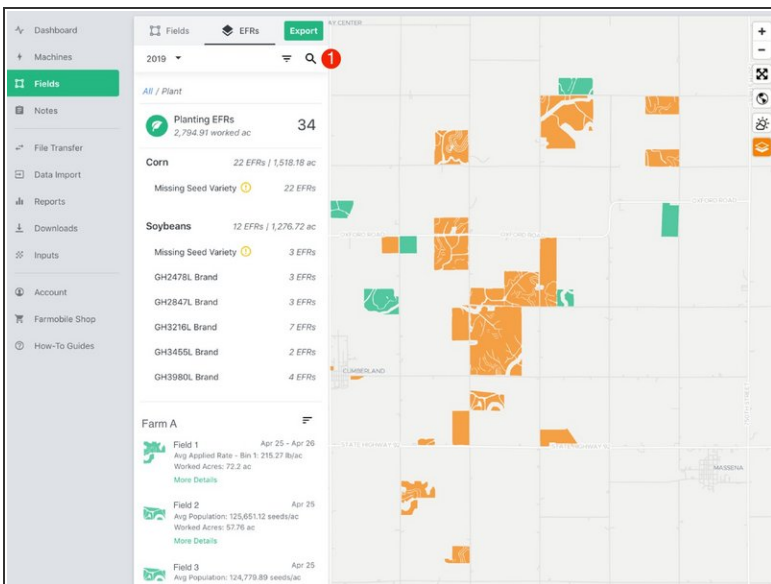

- Select the 'EFRs' tab to view and interact with you EFR data.
- ❗ When the 'Fields' tab is selected the left menu is populated with the list of your Farms and Fields.

Step 3 — Select an Activity

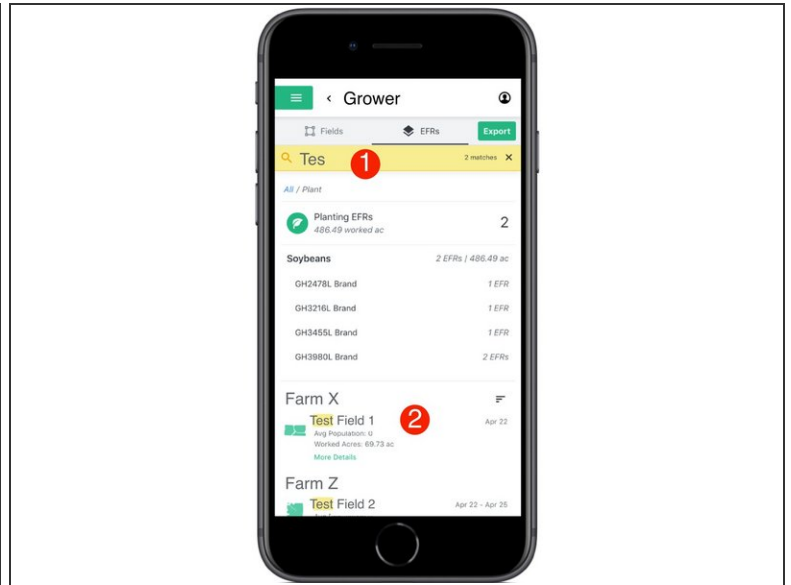

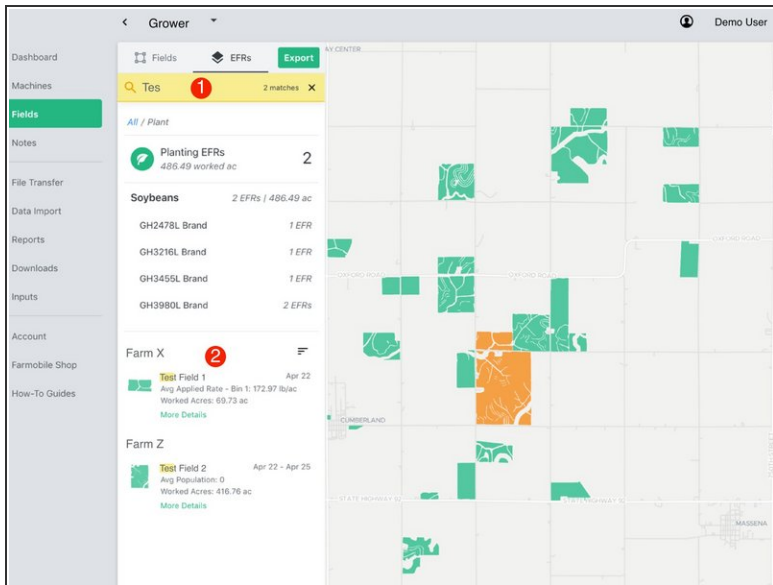

- Select an Activity tile to view the list of EFRs for that activity and enable searching.

Step 4 — Select the Search Tool

- Select the 'Search' icon to enable the search text box.

Step 5 — Search by Farm and Field Name

- Begin typing the farm or field name within the search text box to quickly locate EFRs.
- As you search, matching EFRs will be displayed and highlighted.
