

Add New Input

New Input in preparation for planting season.

Written By: Support

INTRODUCTION

- Adding inputs is essential for data integrity and allows the user to add specific Seed Varieties to Planting Activity.
- Farmobile has integrated with Crop Data Management Systems, Inc to provide a standardized industry list of seed varieties to choose from.
- Once a Crop Type, Crop Year, and Brand Name are defined, select or enter the Seed Variety Name.

Step 1 — Select Inputs from the Farmobile DataEngine[™] Menu

 Selecting Inputs from the Farmobile DataEngine menu will open the Inputs page with all your inputs listed to review.

Step 2 — Select Add Input
