Step 2 — Select Heatmaps

- This will open the Heatmap view.

- At the Grower level, your heatmaps will display daily activity for all Farmobile PUC devices that match your activity type and date selections.

- At the Machine level, your heatmpas will display the daily activity for only that device.
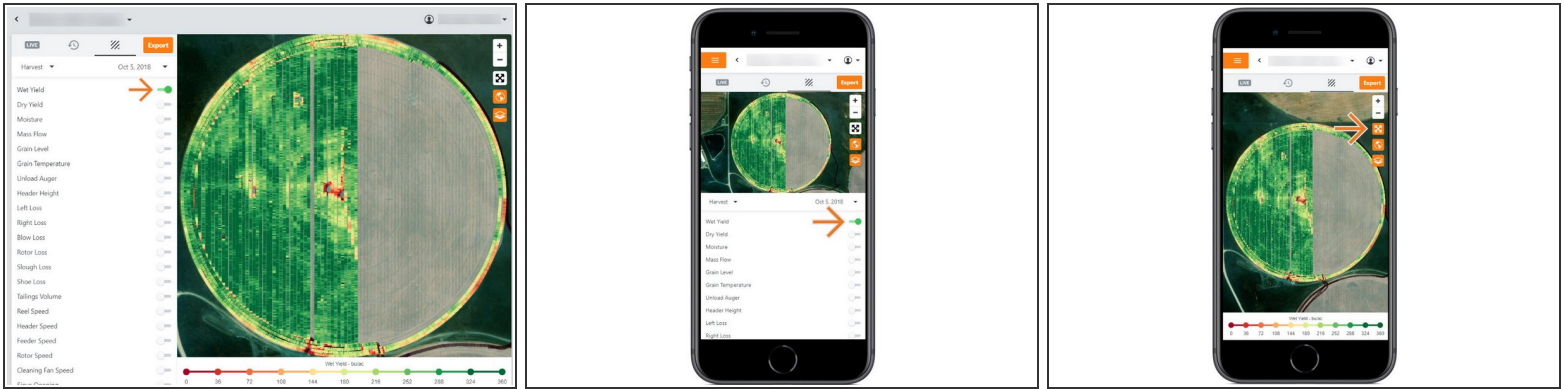

Step 3 — Select Activity

- Select which Activity type to view on the heatmap.

- Selecting the Activity Type will update the list of attributes you can display.

This document was generated on 2022-01-07 02:29:09 PM (MST).

Step 4 — Select Date

- Select the calendar to view the dates.

- The calendar displays the current day in orange.

- All days containing the previously selected Activity Type are displayed as black.

- Select a day to view your daily heatmap.

This document was generated on 2022-01-07 02:29:09 PM (MST).

Step 5 — Toggle On Attribute

- Toggle on the attribute you want to display on the heatmap.

- If we didn't capture data for that attribute a grey machine path will be displayed.

- The map and legend will update to display the Heatmap of the selected attribute.

- The heatmap displays everywhere your Farmobile PUC devices worked that day!

- **Mobile:** For mobile you can select the full extent button (located directly under zoom in / zoom out buttons) to view the map and legend in full extent.
