INTRODUCTION

- Machine History is available at the grower and Machine levels.
- Grower level displays the list of PUCs that were active for the selected year.
- Machine level displays the daily activity for the selected PUC.
    - Each day displays every startup session.
    - The entire day of activity is displayed on the map, and using the playback tools you can navigate to specific times.

## Step 1 — Select Machines from the Farmobile DataEngine℠ Menu

- Selecting Machines from the Farmobile DataEngine menu will open the Machines page with all of your PUC™ listed and displayed on the map.

Step 2 — Select a Machine

- Select a machine to open the machine details page.

This document was generated on 2022-01-09 09:49:02 AM (MST).

Step 3 — Select History

- Select the History tab to open the history page for the selected machine.

- The History page will open with the last active day selected.

Step 4 — Review your Machine Timeline

- The full day of activity will begin to draw on the map.

- Playback tool allows you to replay, pause, and view a specific time of the days activity.

- All of your Machine Startup sessions are listed in chronological order. They display the recorded Activity Type, Swath Width, Crop Type, and Seed Variety (Planting Only).

- Select the calendar picker to view a different day. Days containing Machine History are highlighted black.

- **Mobile:** For mobile you can select the Full Extent button (located directly under Zoom In / Zoom Out buttons) to view the map and legend in full extent.
