Step 2 — Select Delete Farm

- For an existing farm, select the ellipse button.

- In the menu, select 'Delete Farm'.

- Delete farm is only available in the current year.

- This will open the delete farm window.

Step 3 — Delete Farm

- All associated fields must be moved to another farm or deleted to delete a farm.

- Fields that have a certified Electronic Field Record (EFR) cannot be deleted, and must be moved.

- To move a field, select another farm in the drop down.

- Once you choose to move or delete associated fields, you can select 'Apply' to save your edits and delete the farm.

- Note: If there are not any associated fields, you can simply delete the farm.
