

View and Edit Notes

View and edit an existing note.

Written By: Support

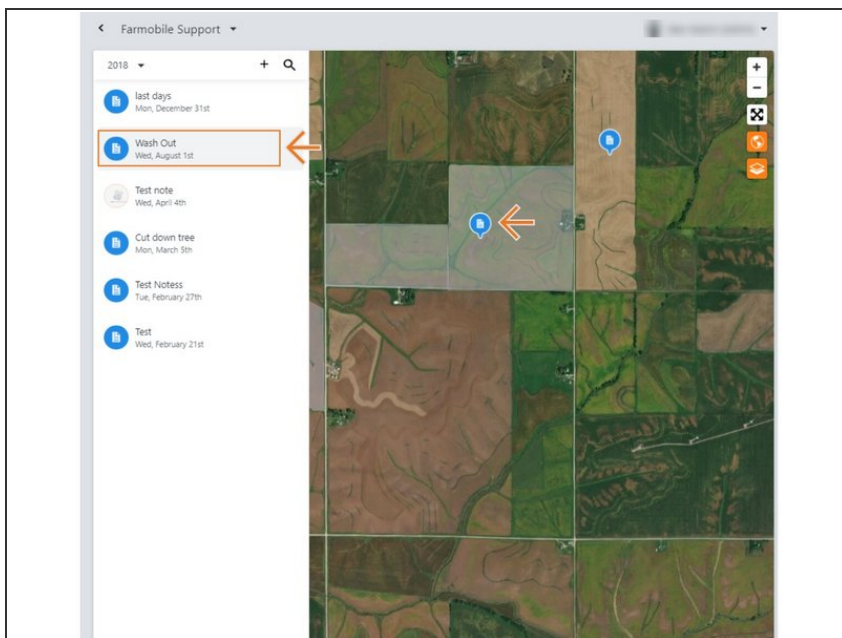

Step 1 — Select Notes from the Farmobile® DataEngineSM Menu

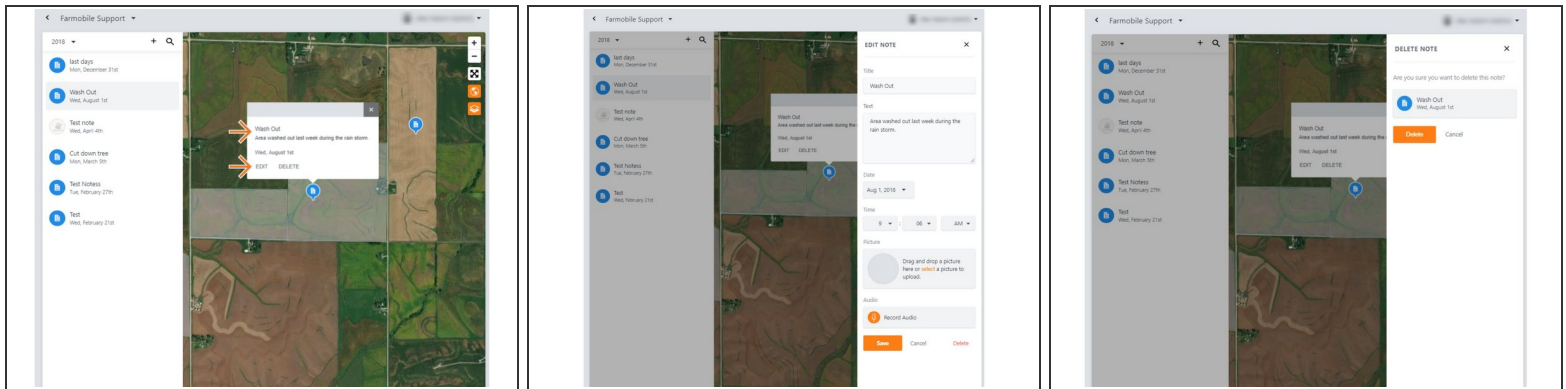

- Selecting Notes from the Farmobile® DataEngineSM menu will open the Notes page with all of your Notes listed and displayed on the map.

Step 2 — Select a Note

- To view the note details select an existing note.
 - Select the card within the note list
 - Or, select the note icon directly on the map.
- The note details will pop-up over the map icon to view.

Step 3 — View the Note Details

- Note details are displayed in the pop-up above the map icon.
- Selecting 'Edit' will open the Edit Note window, allowing you to update the note details.
- Selecting 'Delete' will open the Delete Note window asking for confirmation prior to deletion.
