

# Edit Activity Type

This guide will walk you through the steps required to make a live machine activity adjustment.

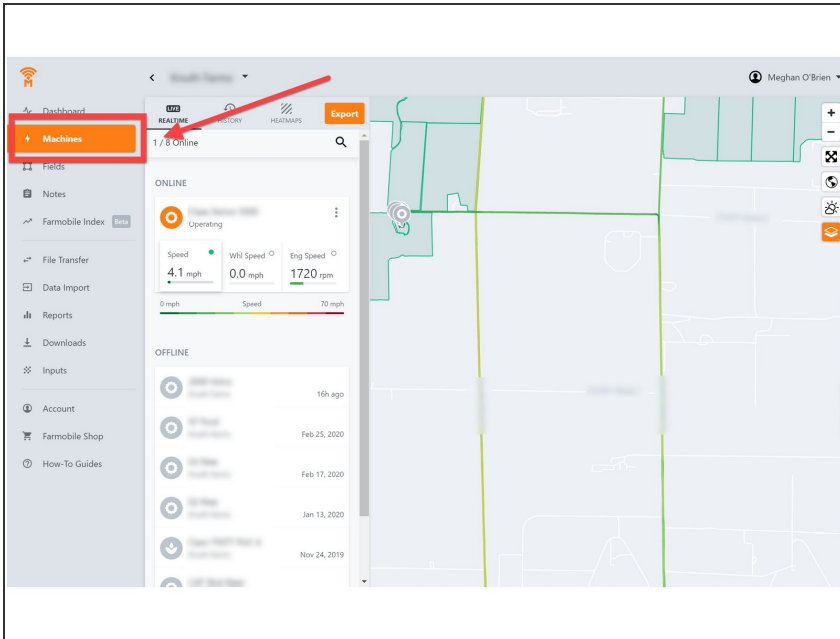

Written By: Support

A screenshot of the Farmobile web application interface. On the left is a sidebar menu with options: Dashboard, Machines (highlighted in orange), Fields, Notes, Farmobile Index (Beta), File Transfer, Data Import, Reports, Downloads, Inputs, Account, Farmobile Shop, and How-To Guides. The main area shows a machine's status as 'ONLINE' with a 'Startup 8:36 AM' timestamp. A modal window is open for editing the activity type. The modal has a dropdown menu with options: Operating, Planting, Spraying, Spreading (highlighted in blue), Harvesting, Foraging, Baling, Tillage, and Operating. Below the dropdown are two radio buttons: 'Now' (selected) and 'Startup'. At the bottom of the modal are 'Save' and 'Cancel' buttons. The background shows a map with a green line representing the machine's path and a speedometer at the bottom ranging from 0 to 70 mph.

## INTRODUCTION

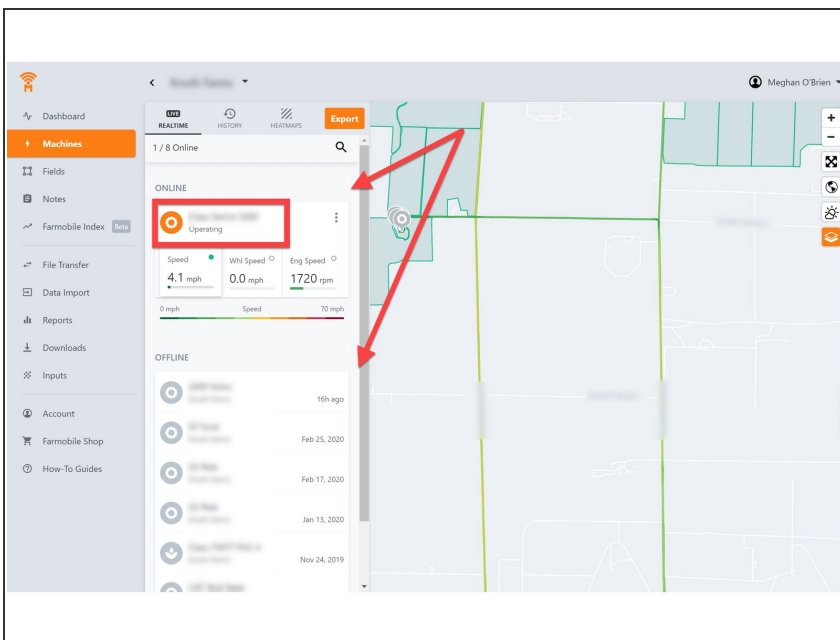

- Live Machine Adjustments are only available at the Machine level.
- Activity Adjustments carry forward to the end of the day.
  - Per Farmobile PUC™ device.
- The type of Activity Adjustment you can make depends on the current activity type:
  - Planting
  - Harvest
  - Spreading
  - Spraying

## Step 1 — Select Machines from the Farmobile DataEngine<sup>SM</sup> Platform

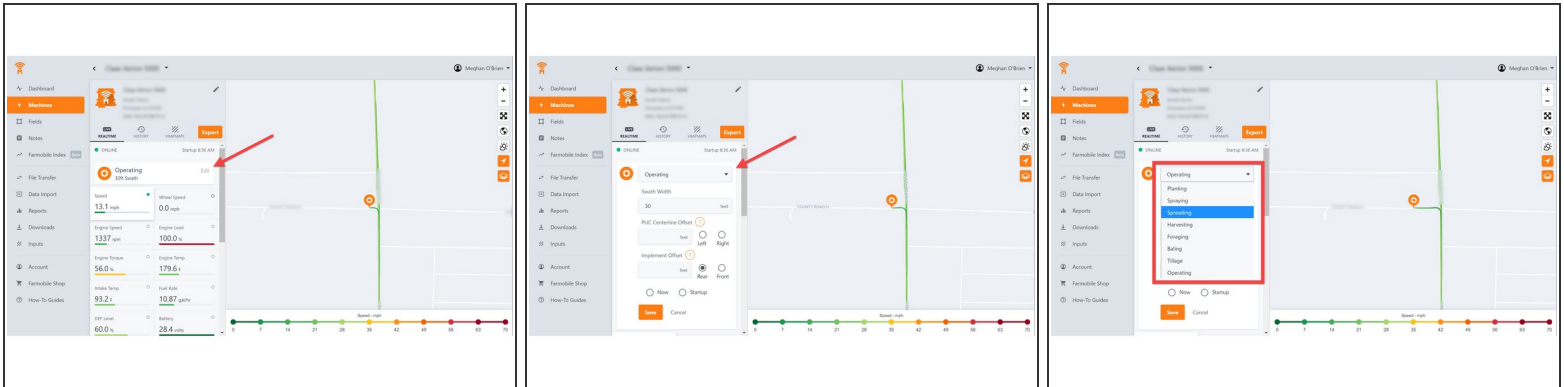

- Selecting Machines from the Farmobile DataEngine platform menu will open the Machines page with all of your Farmobile PUC device listed and displayed on the map.

## Step 2 — Select a Machine

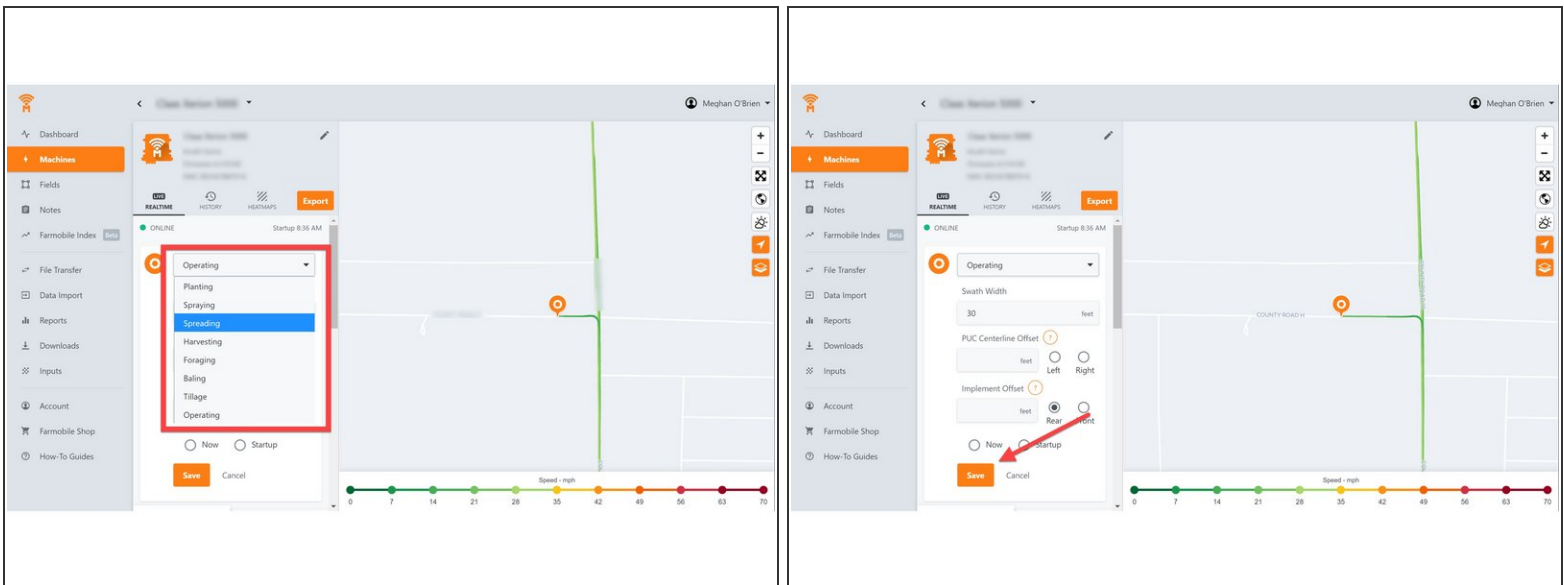

- Select a machine to open the Machine details page.

## Step 3 — Select Edit

- Select edit to expand the adjustment options.
- The available options to adjust vary based on the current activity type.

## Step 4 — Make Activity Adjustment

- Click the 'Activity' drop down menu, and select a different activity type.
- Select 'Now' or 'Startup' to apply the adjustment at the correct time.
- Select 'Save'.
- The live screen and machine activity label will update and display the new activity type.
